QATARGAS

WANT TO BE PART OF SOMETHING BIG?

We Are Looking For Experienced Auditors

Qatargas Operating Company has exciting opportunities available for qualified professionals to join our company in the development of the vast North Field in Qatar. Qatargas currently has under development over \$20 billion worth of major projects, including the construction off our new Liquefied Natural Gas trains for the production and export of LNG to every corner of the globe.

Senior Internal Auditors

- 10-15 years of oil and gas experience with 8-10 years of auditing in international oil & gas company. Experience in risk based auditing and mapping of business processes with sharp business acumen and the ability to handle several assignments simultaneously with tact and persuasion. Excellent oral and written communication skills in English along with interpersonal skills, self-starter, and ability to lead a team and co-ordinate it effectively are must.

Operational Auditors

- Extensive audit experience of oil & gas onshore, offshore and refinery operations, maintenance, metering and production measurement. A full understanding of all technical aspects of production, exploration, integrity, and reliability systems and EPC management. Qualified P.Eng. or other technical disciplines with project management certificate.

IT/Finance Auditors

- Full understanding of finance functions, SAP tools, Pivot Tables, Cobit, COSO framework, ERM (Enterprise Risk Management). In-depth experience in SAP environment, ACL, Team Mate or similar audit software. B.Sc. in Accounting or Computer Sciences and completion of CIA, CISA, CISSP, or CISM is required.

Qatargas offers a secure expatriate lifestyle in an international community with educational, medical and recreational facilities, competitive tax-free salaries, a full range of benefits, including family or bachelor housing, furnishings and generous paid annual vacation back to your country of origin.
