GOING FOR GOLD in 2009/10: Chapter Achievement Program

Chapters are recognized by The IIA for special achievements each year through the Chapter Achievement Program (CAP). For many years now the Edmonton Chapter has been awarded **the Platinum achievement level**. This is a special level created to recognize Chapters that attain GOLD status for 10 consecutive years.

Achievement of this level is possible only with your help and support. We receive points for activities our members undertake to promote and support the internal audit profession.

Please inform us if you have participated in one or more of these activities since May 2009:

- Published articles on internal auditing or related topic in Professional Journals (e.g. Internal Auditor)
- Conducted a speaking engagement on internal auditing or related topic in Canada
- Conducted a speaking engagement on internal auditing or related topic outside Canada
- Participated on an IIA-sponsored Quality Review Team.

Activities are used to calculate Chapter Achievement Points and these are reported to IIA Headquarters on a monthly basis. Please provide your information to our Director CAP Reporting: Leslie Glasbeek – leslie.glasbeek@edmonton.ca .
